Compare to:

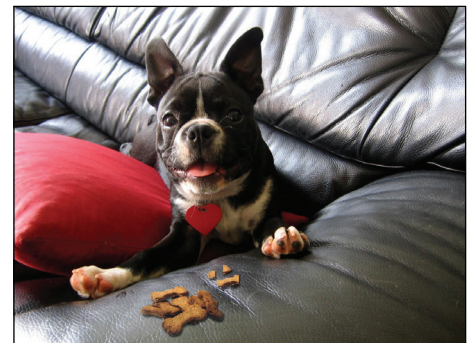

- CTI OSR
- Prochem® Odor Rescue™

Pet Force combines the cleaning and deodorizing power of natural oxygen with the odor neutralization of a proprietary fragrance designed to work against urine. A light fragrance will remain while the carpet dries. In addition, the natural oxygen will effectively eliminate stains caused by the urine contamination.

- Combines the cleaning and deodorizing power of natural oxygen with the odor neutralization of a proprietary fragrance.
- Uses the power of oxygen to help clean & remove stains of typical products.
- A light fragrance left behind.

DIRECTIONS

1. Add 4 scoops (8 oz. total) of powder per gallon of water into the hottest water possible (over 160 degrees Fahrenheit) into bucket. Stir product for 30 to 60 seconds. Product should be mixed at the location it will be used.
2. Saturate carpet with mixed Pet Force solution.
3. Allow 30 minutes dwell time.
4. Extract solution from carpet preferably using Spot Lifter or Water Claw. Adding more water at the point of extraction will help remove more contaminants.
5. Always dispose of any unused mixed solution as effectiveness deteriorates rapidly.
6. Apply GROOM SOLUTIONS TRIPLEPHASE if any stain remains after above procedure.

Dilution Ratios: 8 oz./gallon of hot water
