

Introducing Bio Med Wash

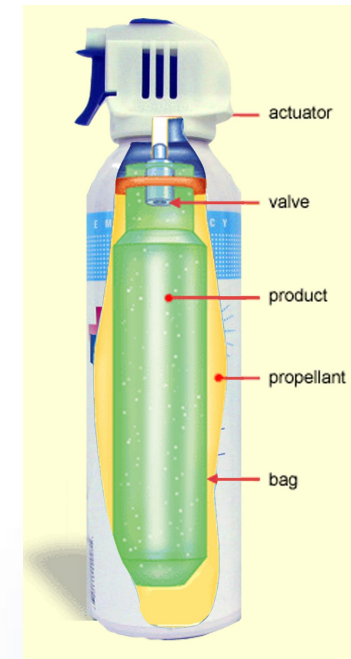

First Aid Sterile Wash for Eyes and Skin

NEW and **Innovating** - First Aid Sterile Wash for Eyes and Skin

- A **decade of research** has revealed BIO MED WASH® as the most **effective** and **safe** first aid wash for skin and eyes.
- **Bag-In-Can Technology**
 - Cutting edge "bag-in-can" technology improves sanitation, avoids chemical propellants and preservatives, and increases the product's useful life by insulating the water against extreme heat and cold.
- **Trigger Actuator**
 - The BIO MED WASH® trigger actuator emits Bio-Logic Aqua® tissue-culture grade water as a spray, making it unnecessary to touch the wound.

Why *First Aid Experts* prefer **BIO MED WASH®**

- **Excellent** for cleansing **cuts, abrasions** and **minor burns**.
- **Benefits** **wound management**, wherever standard first aid calls for washing the affected area.
- **Helps** **cleanse, soothe** and **dilute harmful chemicals**.
- **Free from** **additives, chemicals, preservatives, propellants** and **buffers**.
- **Four year shelf life**.
