

Wildland® T Firefighters' Helmets and Accessories

[Certified NFPA Compliant]

Lightweight Wildland T Firefighters' Helmets are engineered to meet the requirements of wildland firefighters, who must combat fire in forest, field, and woodland environments.

The Wildland T hat and cap—made of lightweight heat-resistant thermoplastic, for excellent protection against impact and penetration—are SEI-certified and meet or exceed all the applicable requirements of ANSI Standard Z89.1 (Class E) 1997 and NFPA 1977–1998.

Wildland T Cap with chinstrap

Wildland T full-brimmed Hat with chinstrap

Ordering Information

Wildland T Helmet Assembly includes 4-point ratchet suspension, 3 goggle clips, 4 reflective stripes, elastic chinstrap, and 3 Velcro strips for easy liner attachment inside the shell. Patented Glaregard™ underbrim helps to reduce glare.
