# Odor SLAYER

DEODORANT

RTU pH 6.5-7.5

Deodorizer for Carpet, Upholstery and Hard Surfaces

## All-in-One Pet Urine Odor and Stain Eliminator

ODORSLAYER is a completely new technology in the elimination of malodors and stains caused by pet, animal, and human urine and feces.

Combines the power of oxygen – in the form of stabilized chlorine dioxide – with a binding deodorizer to create a fast acting, environmentally-friendly, effective broad-spectrum odor and stain eliminator.

### What it does...

- Eliminates odors
- Eliminates stains – even stubborn older stains
- Treats and removes potentially harmful contaminants
- Restores full use and enjoyment of carpet and other floors
- Stops or contains structural damage

### How ODORSLAYER works

- ODORSLAYER can be used with a sub-surface extraction or spotting tool to speed up your effectiveness at treating severe urine contamination.
- ODORSLAYER is cost effective too. It can be mixed from 1 part chemical to 5 parts water for use across wide areas. For severe contamination, it can be used straight.
- ODORSLAYER is safer to use too – requiring no personal protective equipment (PPE) when applying. ODORSLAYER's non-corrosive and non-irritating formula is gentle on the skin.

### What else can ODORSLAYER do for you?

- ODORSLAYER contains an industry favorite pleasant lemon fragrance to leave the treated environment with a refreshed, deodorized smell. It can be used to effectively treat odors on any water safe surface (always pretest for colorfastness on carpet, rugs, or any textile) including carpet, draperies, upholstery, hard surfaces and floors, pet beds, mattresses, and more. It does a fabulous job of treating general odors in carpeting to help freshen up a total room.
- ODORSLAYER also works effectively on urine and feces from humans and exotic pets (ferrets, rodents, reptiles, and more)
- You can also use it to safely clean and deodorize pet hair smells, yoga and gym mats, and mold and mildew odors. It works fabulously at eliminating the stains and odor caused by pet or human vomit, as well as discoloration caused by many other organic stains.

Part # 800-550

Cost effective – use from 1:5 to straight depending upon level of contamination  
Available in quart cases (12 x 1), gallons, gallon cases (4 x 1), and 5-gallon drums

"This product was amazing for nasty pet damaged stains and smells"

-Jason G

"ODORSLAYER is leading to awesome success at eliminating pet stains and odors and creating thrilled customers"

-Shawn B

"ODORSLAYER is awesome stuff"

-John B

"I'm super impressed with ODORSLAYER. I used it on a dog rescue business. The odor was so bad the owners could not stand to be on the house. [This] stuff is incredible and will be my go-to for urine work moving forward."

-Damon R
