## Cleaner Conditioner with Densifier

Biodegradable, highly concentrated cleaner/conditioner with Lithium Silicate Densifier added for daily cleaning, conditioning and densifying. This product is safe and easy to use on polished concrete and natural stone. The natural oils bring out the natural color and brilliance of the concrete and stone, and improves slip resistance on polished surfaces.

NSS-CLEAN01-C	1G	<del>\$32.95</del>	<b>\$13.70</b>
NSS-CLEAN05-C	5G	<del>\$159.95</del>	<b>\$63.00</b>

## Hybrid Densifier

Designed to produce a uniform density across the surface of the floor that is unmatched by any other product in the market. Formulated with a proprietary hybrid mixture of silicas that react at different levels of calcium. The end result is a hard surface that will have a more consistent reaction to polishing, leaving a uniform shine across the entire floor.

SC-CHYBRID01-C	1G	<del>\$72.00</del>	<b>\$40.00</b>
SC-CHYBRID05-C	5G	<del>\$360.00</del>	<b>\$180.00</b>

## Concrete Guard Densifier

Formulated to provide the ultimate in concrete protection by using both dual-action technology and hybrid polymers. It is environmentally friendly, VOC-compliant, and provides increased stain suspension and resistance against most contaminants found in kitchens, retail food stores, restaurants, malls, garages, warehouses, distribution centers, etc. While originally formulated to be used in conjunction with hardened concrete floor systems, Guard may also be used anywhere a clear, high-gloss, dual-action concrete protection system is desired. It is designed for previously sealed, dyed or stained surfaces.
